You want to apply your Data Science & Machine Learning skills? Then we have a job for you!

Machine Intelligence Engineer (80-100%)

Who We Are

ambrite is a Swiss, Latvian and South African based company offering software solutions for data mining and predictive analytics and TV Services. Due to its focus on state-of-the-art open source software components and integration of the latest research by the machine learning community, ambrite has become a key partner for both local and global players in Switzerland and Europe in the government, energy and telecommunication industry. For our Zurich- or Stellenbosch based branch, we are looking for machine intelligence engineers that are as passionate about TV consumer services and data science as we are.

ambrite is currently working for the leader in Entertainment Services in Switzerland and Europe in providing software solutions for backend systems and user interfaces for the pay TV industry. Together, we create a next generation platform which will replace or extend current consumer services in the market. We are looking for you to develop this next generation of software.

What We Are Looking For

Must-Haves:
- BSc in computer science or related field and/or equivalent practical experience
- Profound understanding and demonstrated interest in applied machine learning and software Engineering

Preferable:
- MSc or PhD in computer science, machine learning, or related field
- Background in deep learning, NLP, or related
- Experience with one or more of the following technologies: Google Cloud Platform, TensorFlow, Google Cloud ML, or Docker
- Industry experience working with machine learning frameworks, large-scale data processing systems, or cloud infrastructure
- fluent in English - for Zurich good german knowledges required

What We Offer

- become member of a motivated international team in Switzerland, Latvia, South Africa and other locations
- consumer projects with interesting clients in Europe and North America
- conference visits, courses for further education and extensive library

If you are interested in joining ambrite, please do not hesitate to mail your application documents to our HR director Daniela via **jobs@ambrite.ch**. We are looking forward to hearing from you.
